

The International Academy of Food Science and Technology

A Statutory Component of IUFoST

The Global Focus of Food Science Excellence

Fellows of the Academy,

1) IAFoST Fellows have voted overwhelmingly in favour of IUFoST 2016 World Congress Distinguished Lecturer - Professor Michael Gibney - for election to the International Academy of Food Science and Technology (IAFoST).

2) Academy Fellow Alastair Hicks, who has had a distinguished career with the Food and Agriculture Organisation of the United Nations (FAO), and has been actively involved in the Federation of Food Science and Technology Associations for the ASEAN (FIFSTA) in recent years has been elected to the position of Councillor in the Academy Executive Council.

The Executive Council of the Academy (AEC) directs the work of the Academy. It consists of a President, Past President, President Elect, and two further Fellows as Executive Councillors.

The Academy Executive Council 2016-2018:

Professor Ruth Oniang'o, Academy President, Kenya

Professor Delia Rodriguez-Amaya, Past President, Brazil

Dr. Paul Singh, President Elect, USA

Dr. Been-Huang Chiang, Councillor, Taiwan

Dr. Alastair Hicks, Councillor, Australia/Thailand

ABOUT IAFoST

Fellows elected to the International Academy of Food Science and Technology are acknowledged by their peers as the outstanding representatives of international food science and technology. IAFoST collectively forms a pool of scientific expertise in food science and technology from which IUFoST draws non-aligned expert advice on scientific matters. They are at the forefront of IUFoST, helping to strengthen global food science and technology for humanity.

ABOUT IUFoST

The International Union of Food Science and Technology (IUFoST) is the global federation of national scientific organisations representing more than 300,000 food scientists and technologists from over 75 countries. IUFoST has five regional groupings: ALACCTA representing Central and South America, EFFoST representing Europe, FIFSTA representing the ASEAN region, MENAFoST representing the Middle East and North Africa, and WAAFoST representing West Africa. IUFoST organises world food congresses, among many other activities, to stimulate the ongoing exchange of knowledge in those scientific disciplines and technologies relating to the expansion, improvement, distribution and conservation of the world's food supply.
