

SEVEN YOUNG SCIENTISTS will be given the unprecedented opportunity to address the world community of food science and technology at the 15th IUFoST world congress of Food Science and Technology, August 22 – 26 2010.

Nominations are invited by the global federation of IUFoST national scientific members (Adhering Bodies). The young scientists, in their first post-doctorate position, (must have a PhD or equivalent and be age 35 or under) will submit abstracts and statements of recommendation from their professors to their Adhering Body. Multiple nominations may be made to the Adhering Body but only one nomination may be put forward from each Adhering Body to IUFoST.

The criteria for consideration

- ❑ Candidate who best exemplifies food science and technology nationally
- ❑ Candidate's ability to represent himself/herself in an oral presentation in a plenary setting
- ❑ Candidate whose focus exemplifies the Congress theme: "Food Science Solutions in an Evolving World", with international application

The process

- ❑ IUFoST Adhering Bodies will accept nominations and make the initial decision on the national representative
- ❑ The Adhering Body nominee shall provide an abstract according to the approved criteria and through the submission system located at <http://www.iufost2010.org.za/Abstracts.asp> by 31 January 2010.
- ❑ The Adhering Body shall submit to IUFoST a copy of the nominee abstract, full name and address details for the candidate, a brief outline of 200 words or less regarding the candidate's suitability according to the criteria stated and the name and address of the Adhering Body.

DEADLINE FOR SUBMISSION: 28 February 2010

The decision

- ❑ Official representatives of the IUFoST regional groups will assist in the final decision. The final decision will be made on or before 1 April 2010.

- The seven young scientists, will have all local expenses and registration costs paid to participate in the 15th IUFOST world congress in Cape Town, South Africa, 22- 26 August 2010. It is hoped that each Adhering Body putting forward a nomination will proudly sponsor the young scientist by providing return airfare for the nominee. Each young scientist will address a global audience with his/her research, following a plenary speaker, for a duration of 15 minutes. He/she will then join over 2000 other food scientists and technologists to experience this global event in the unmatched setting of Cape Town, South Africa.

Send nominations by email, Subject Line IUFOST Young Scientists to jmeech@iufost.org, by Fax to + 1 905 815 1574 and by post to IUFOST, PO Box 61021, No. 19, 511 Maple Grove Drive, Oakville, Ontario, Canada L6J 6X0

The International Union of Food Science and Technology (IUFOST) is the global scientific organization representing over 200,000 food scientists and technologists from more than 65 countries. IUFOST is a federation of national food science organizations linking the world's food scientists and technologists.

The IUFOST Governing Council 2008-2010:

Prof. Geoffrey Campbell-Platt (UK) President

Dr. David Lineback (USA) Past President

Mr. Luis Fernandes, (Belgium/Argentina) President Elect

Dr. Mary Schmidl (USA) Scientific Council Chair

Ms. Judith Meech (Canada) Secretary-General

Dr. V. Prakash (International Academy President)

Prof. Lucia Anelich (South Africa)

Mr. Lim Chee Kian (Singapore)

Prof. Huub Lelieveld (The Netherlands)

Mr. Lim Chee Kian (Singapore)

Mr. Brad McKay (Canada)

Prof. Glaucia Pastore (Brazil)

Prof. Pingfan Rao (China)
